

Lettering poster "Memories"

Collect moments instead of things. What's lovelier than the memory of magical moments?

The rushing sea, peaks you have climbed, caring encounters with other people, the multi-hued sunset - every one of us is sure to have experienced magical moments like these.

This wonderful lettering poster will keep reminding you of such times. Simply position the poster in your photo wall and stop for a minute occasionally to relive all the lovely experiences in the photos.

Step-by-step tutorial

1

Print off the template for your desired design.

Shade over the back of the template with a soft pencil (e.g. Mars Lumograph 7B).

Tip: The template can be enlarged to any size you like in a copy shop, so you can even create A2 size posters.

2

Attach the template (front side up) to the top corner of your lettering paper using masking tape. Then go over the lines with a sharp HB pencil, to transfer the design onto the paper. Before you remove the template, lift up one corner to check that you have transferred all the lines.

3

Go over the outlines of the letters with the lightfast, black pigment liner.

4

Then fill in all the letters in black. Finally, rub out any remaining pencil lines.
