

Royal Christmas - Christmas gift tags

Lovely decoration for your Christmas presents

Christmas is just around the corner! Give your lovingly wrapped presents a glamorous look with some home-made FIMO gift tags. They can be customised with an individual message in cookie-stamp lettering. Whether you make them in powdery rose, dark petrol blue or royal violet, they'll give your Christmas presents a stunning personal touch.

Step-by-step tutorial

1

Place out one block of FIMO soft in antique rose on some baking paper and roll out into a sheet about 1 cm thick using the acrylic roller. The sheet should be big enough to fit your desired shapes.

Now place your desired letters into the stamp holder (CAUTION: make sure you place them back to front!) and press them into the FIMO sheet.

2

Now cut out your desired pattern, star or tag. Set aside the surplus FIMO (and roll it out again for the next tag).

Tip: Work in progress and left-over material should be protected against sun and heat and can be stored in a screw-top jar or in cling film to protect it from dust and dirt.

3

Then use the bead piercing needle to pierce a hole for the cord at the top of the tag.

Place the baking paper with all the FIMO tags on a baking sheet and harden in the oven for 30 minutes at 110° C / 230° F.

4

Once they're cool, take a brush and fill in the letters with acrylic paint in gold to give your tags a glitzy and glamorous look. Leave to dry.

And you're done!
