

FIMO egg cups

What could be lovelier in the springtime than pastel coloured accessories on a beautifully laid table? These FIMO effect egg cups are very easy to create and make an eye catching addition to your table all year round, not just at Easter!

Step-by-step tutorial

1

Shape 2 portions of FIMO effect pearl black into a ball with your hands.

Tip: Work in progress and left-over material should be protected against sun and heat and can be stored in a screw-top jar or in cling film to protect it from dust and dirt.

2

Knead the ball until soft and roll out into a longish cord.

3

Cut the FIMO cord to 16 cm using the cutter.

4

Then bend the FIMO cord into a circle and join the ends. Repeat these steps for all four FIMO colours until you have a total of 16 rings.

5

Now harden the FIMO rings in a preheated oven for 30 minutes at 110° C / 230° F.

6

Once the rings have hardened and cooled, make an egg cup by gluing four different coloured FIMO rings one on top of the other using the glue gun. Repeat the process with the other FIMO rings to create 4 egg cups.

Material overview

What you need

Product	Article no.	Quantity
FIMO® effect 8020 Oven-bake modelling clay - Single product rose quartz	8020-206	1
FIMO® effect 8020 Oven-bake modelling clay - Single product pearl black	8020-907	1
FIMO® soft 8020 Oven-bake modelling clay - Single product mint	8020-505	1
FIMO® effect 8020 Oven-bake modelling clay - Single product translucent white	8020-014	1
FIMO® 8711 Modelling tools - Wallet containing 4 different modelling tools	8711	1
FIMO® 8700 04 Blades - Blistercard with mixed blade set, 3 pieces (1 rigid, 1 flexible and 1 serrated blade), 2 rubber grips	8700 04	1

Additionally required:

glass sheet, ruler, glue gun
