Step-by-step tutorial

1

Cut three pieces of FIMO soft Vanilla ($\frac{1}{3}$ of a portion each) and roll it into a ball, and flatten them to make a pancake shape.

2

Using the FIMO modelling tools, create a linear indent around the circumference of the pancake. Repeat on the other two.

3

Using a paintbrush, shade the outer edges of the pancake with a mustard yellow chalk pastel. Repeat with the other two pancakes.

4

Place the metal paper clip in between the layers of the pancakes, and secure with some FIMO liquid.

5

Create a Kawaii face. Create two eye sockets using the FIMO professional small ball tool. Roll two small balls of FIMO soft Black and place them inside of the eye sockets. Roll a very thin piece of FIMO soft Black and shape it into a U shape. Place this onto the face.

6

Roll two small balls of FIMO effect Rosé and place these next to the eye sockets for cheeks.

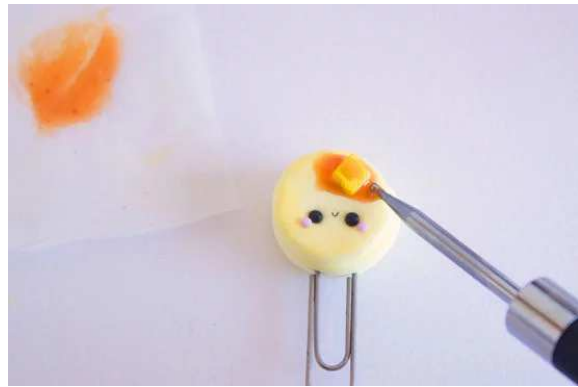

7

Cut out a square shape of FIMO soft Sunflower, using the FIMO blades. Place this onto the Pancake for the butter.

8

Mix FIMO liquid, and brown chalk pastel together to make maple syrup. Spread this onto the pancakes, top right corner near the butter.

9

Roll some small balls of FIMO soft Brilliant Blue, and place these onto the Pancake, for the blueberries. Then harden it in the oven for 30 minutes at 110° C / 230°F. Leave to cool.

10

Glaze the Pancake using FIMO Gloss Varnish.
