Trendy Tropical - South-Sea Feeling with FIMO

Flamingo, pineapple and co... Let's bring the summer in our homes with tropical accessories and decoration made of FIMO. In a bright pink, tropical green or radiant yellow - colourfully mixed, these exotic colour nuances will instantly lift our moods. As place card holders for your garden party or necklace pendants: This pretty pineapple is a real eye-catcher and ensures a holiday feeling.

Step-by-step tutorial

1

Shape half the yellow FIMO block into a ball. Roll the ball until it gets a cylindrical shape - the pineapple should be able to stand up well.

2

Then roll the pineapple diagonally across the vegetable cutter once to give it the right pattern.

3

Use the pliers to cut off a piece of wire of about 15 cm. Twist the end of the wire with the jewellery pliers twice.

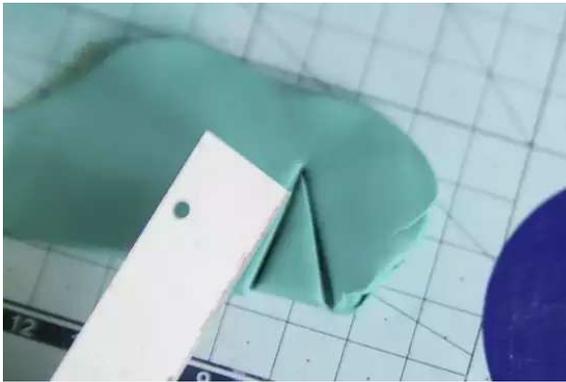

4

Push the wire from above into the yellow pineapple.

5

Then roll the green FIMO into a plate with the acrylic roller. Use the knife to cut out three triangles. Now place the triangles around the wire on the yellow pineapple and bend them over slightly.

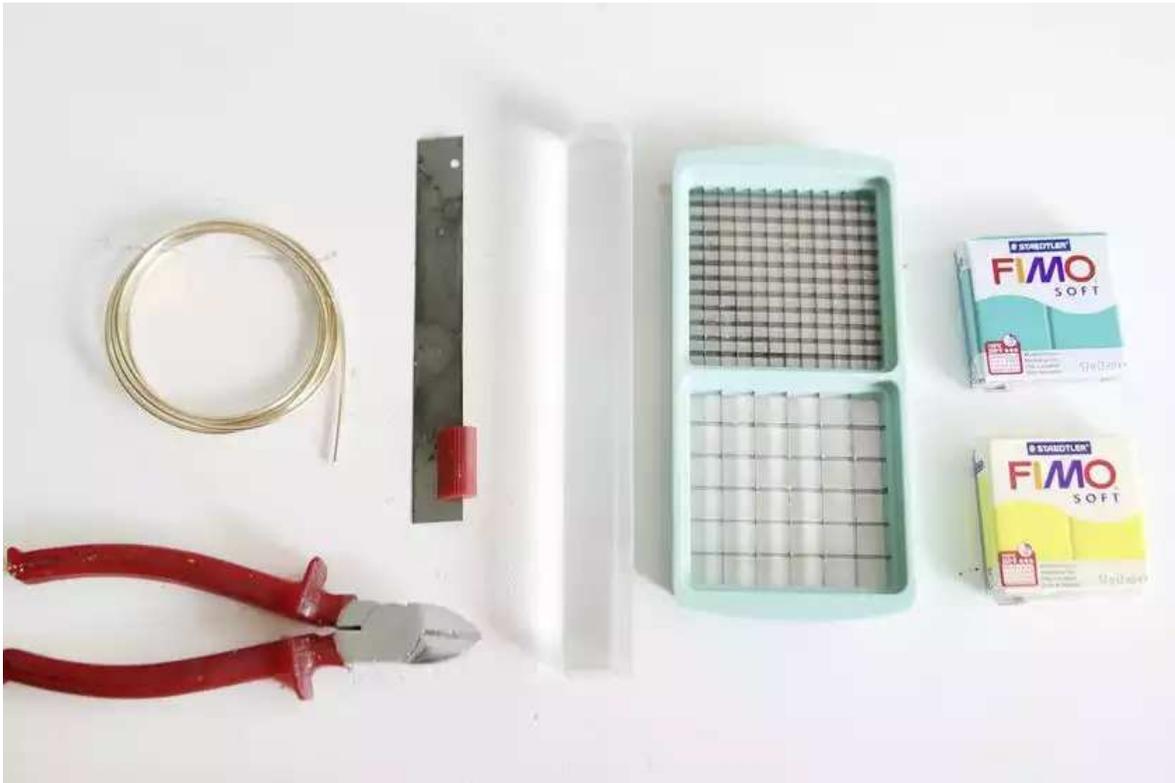

6

Finally harden the pineapple in the oven at 110 degrees Celsius for 30 minutes. Now you only need to add the name sign. You can design it with the pigment liner in beautiful hand-lettering.

Material overview

What you need

Product	Article no.	Quantity
FIMO® soft 8020 Oven-hardening modelling clay - Single product emerald	8020-56	1
FIMO® soft 8020 Oven-hardening modelling clay - Single product lemon	8020-10	1
