

Place cards for your country wedding

Place cards made from white FIMO soft and craft card are the perfect table decorations for a country wedding.

And the best thing is, they also make a lovely keepsake for your guests to take away and use as a key tag. The cut-out hearts also make wonderful additions to your table decorations.

Step-by-step tutorial

1

For each place card, roll out half a block of FIMO soft white to a thickness of 0.4 cm using the acrylic roller.

2

Then use the blade and a template to cut into a large rectangle 8.5 x 4.5 cm.

3

Cut out a small heart shape on the left-hand side using the cutter.

4

Then stamp the guest's name. Put the place card and the cut-out heart shape onto a baking tray covered with baking paper and harden at 110 °C / 230 °F for 30 minutes.

5

In the meantime, cut the craft card into large 10 x 12 cm squares and fold in half.

6

Thread the bakers twine through the heart and fasten to the place card with a bow. Secure with double-sided sticky tape if necessary.
