

## FIMO kids - Funny Carrots

### Step-by-step tutorial

1 Cut off half a block of orange FIMO kids clay. Roll it into a ball between palms of hands.

2

Shape the ball into a carrot 6-7cm in length. Keep the shape quite chunky.

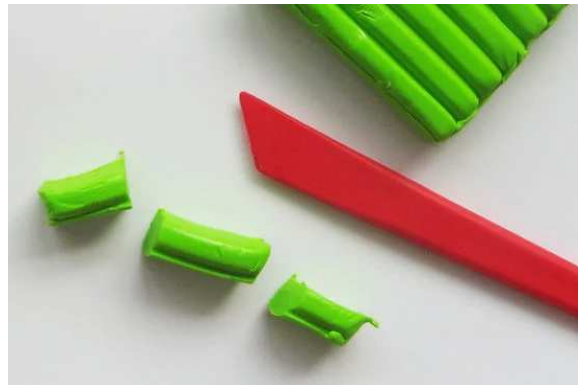

3

Add lines onto the carrot with a modelling tool.

4

Cut off 1 portion of lime FIMO kids clay then divide into 3 sections with a modelling tool.

5

Shape each piece into a leaf.  
Add patterns with a modelling tool.  
Press the leaves onto the top of the carrot.

Shape a small nose from lime FIMO.  
Use a cocktail stick to make holes for the eyes.  
Press a curled strip of card into the carrot to make the mouth.

Harden FIMO in a pre-heated oven at 110° C / 230° F for 30 minutes. Cool before handling.

## What you need

Additionally required:

smooth working surface (glass or ceramic), modelling tool, cocktail stick, small strip of card
