

## FIMO kids - Funny Mice

## Step-by-step tutorial

Cut off 4 portions of grey FIMO then cut off one portion from the side.

2

Shape the larger grey piece into a ball, roll the end with your fingers to make a 5cm mouse body.

3

Divide the smaller grey portion piece into 4 sections.

4

Shape 2 of the small sections into balls, flatten into circles then curl into ears. Roll 1 section into a tail. Press the pieces onto the body.

5

Shape a small nose from glitter gold FIMO. Use a cocktail stick to make holes for the eyes.

Shape 2 glitter gold FIMO portions into a triangle for the cheese. Make a 'holey' pattern with the end of a small paintbrush.

Harden FIMO in a pre-heated oven at 110° C / 230° F for 30 minutes. Cool before handling.

## What you need

Additionally required:

smooth working surface (glass or ceramic), modelling tool, cocktail stick, small paintbrush or a pencil
